LOCATION.

manna

The Institu'e is in the center of the State, in one of the most beautiful and healthy regions of the West. The country is beautifully diversified with hill and valley. The town is in a valley surrounded by hills, presenting

one of the loveliest pictures in nature.

Denison University, being located here, has given a litterary cast to society, which cannot fail to insp re ambition for excellence in scholarship, especially as the pupils are brought into competition with students of the other sex pursuing the same studies, and using the same text-books.

Granville is in Licking county, 3½ miles from Union Station, on the Central Ohio Railroad, and six miles from Newark, from each of which places hacks run to

Granville upon the arrival of the trains.

AIMS.

It is the decided purpose of the Faculty to make good scholars and prutical women. We hope to avoid the errors to which female schools are liable, (or rather, perhaps, with which they are charged) of making drawing-

room ornaments merely.

We shall endeavor to cultivate the graces of behavior through the affections. We shall insist on thorough preparation for every lesson, strict observance of the hours of study, promptness at recitations and at chapel, and regular attendance at church (the church chosen by parents or guardians).

BUILDINGS.

The buildings are sufficient to accommodate the teachers and about fifty boarding pupils, with all necessary recitation rooms, library, apparatus, music and painting rooms. They are surrounded by ample and beautiful grounds, and furnish a delightful home for the inmates of the school.

LIBRARY.

A library has already been established, to which accessions are constantly made. By an arrangement with the Board of the University, the pupils of the Institute can draw from that ample collection.

APPARATUS.

The Institute is provided with apparatus for illustrating the most important facts in Natural Science, and new articles will be added to meet the necessities of the classes.

LITERARY SOCIETIES.

There are two flourishing Societies, the Euterpean and Philomathean, meeting Friday evening each week, which are doing much to stimulate and cultivate the literary spirit.

ADMISSION.

Pupils will be received at any time, and assigned places in classes for which they are prepared. It is, however, very desirable that they should enter at the beginning of the term, and continue to the end. No deduction from bills will be made for a few days' absence at the beginning or end of a term. A few days' board and tuition are not to be compared with the derangement of classes or the unsuccessful pursuit of studies, under the disadvantage of having passed superficially over elementary principles.

DIPLOMAS

Will be awarded to such as have completed the regular course, and also to such as complete the English course, each indicating the course pursued. Certificates will be given to such as pursue an eclectic course, indicating the studies completed.

Graduates will be required to have a standing of at least eighty per cent. in the studies of the courses, and

a good moral character.

GENERAL REGULATIONS.

No pupil will be received, except by special arrangement at the time of entering, for less than a term, or the remainder of the term in which she enters, and no deduction will be made for absence except from protracted sickness, in which case the loss will be shared equally with the patron.

 Each young lady should bring an umbrella, a pair of thick-soled shoes, or overshoes, napkins, towels, sheets and pillow cases, and comfort, or an equivalent of quilts

or blankets.

3. It is very desirable that pupils should be provided with all needful clothing for the term, to prevent inter-

ruption of study in providing them.

4. Occupants of rooms will be held responsible for

all damage to room or furniture.

5. Patrons are requested to insist on frugality in expenses, and not to send sweetmeats, candies or confections to their daughters, as they are almost always eaten just before retiring, and are the cause of serious interruption in study. The teachers and pupils board at the same table, where there will always be ample supplies of wholesome food, and consequently there is no necessity for parents to send rich pastries, which will be eaten to the hurt of the health of both the body and mind of the pupil.

Liberal deductions will be made in the bills of the daughters of pastors, and persons of limited means, ac-

cording to circumstances.

BY-LAWS.

1. Students will make no change of rooms or seats at

table, without the consent of the Faculty.

2. Students from abroad will be expected to board in the Seminary, unless special arrangements are made with the President. Many evils are liable to arise from the choice of surroundings by the pupil, or by parents who are strangers to the influences to which the pupil will be subjected. The President must have the right to determine so important a matter.

3. No student will take up or drop a study without

the consent of the Faculty.

 Students are not allowed to make or receive visits on the Sabbath.
